

Cal Safety Solution and Bay Area Builders Exchange Compliance Laws & Regulations Construction Safety Series

Upcoming Seminar

Friday, March 3rd, 2023

8:00 AM - 1:00 PM Pacific Time

Bay Area Builders Exchange

Classroom and Safety Training Center

3055 Alvarado Street, San Leandro, CA 94577

Presentation Topic

ATSSA Flagger Cal-OSHA Compliance Training

Effective March 29, 2019, California Department of Transportation(Caltrans) has made edits, referred to as Revision 4(Rev4). to the 2014 California Manual on Uniform Traffic Control Devices(CA MUTCD), to provide uniform standards and specifications for all official traffic control devices in California.

By law all flaggers must be properly trained in flagging operations and the scope of the training must be provable. By completing the flagger course you will acquire the knowledge necessary for proper flagging techniques, be ready to work on the job as a work zone flagger, *and be able to provide a certification and documentation of completion.*

Benefits include:

- ATSSA Compliance Certification, & Documentation
- We limit our class sizes to provide a 1 on 1 type of hands on training
- Upon successful completion attendees are listed on a nationally recognized verification database

CAL SAFETY SOLUTION

About the presenter

**James Hernandez CHSO, WOSH Specialist, CEO
Cal Safety Solution LLC**

Jim Hernandez, The Chief Safety Officer of Cal Safety Solution, is now a contracted instructor with multiple professional organizations in the Bay Area. Jim is a former Health and Safety Instructor at Chabot College in Hayward and Las Positas College. He also trains Foreman, Management, and Lead People for the Communication Workers of America. If you are interested in a health and safety instructor, you will find no better program than those led by Jim. You will benefit from his years of expertise in this field. His goal as an occupational health professional is to build and sustain positive safety cultures in the work place.
