

City of Fremont - Upcoming Projects

CITY OF FREMONT NOTICE TO CONTRACTORS

The City of Fremont will be receiving sealed bids for the projects listed below upon release of the bid in the Purchasing Division located at 3300 Capitol Avenue, Building B, Fremont, California, 94538.

Central Park/Gomes Park Railroad Crossing – (PWC 8381) - The project consists of construction of new bicycle/pedestrian/service vehicle paved pathway at the proposed at-grade railroad crossing signal at the Mission Creek/UPRR junction in the vicinity of Central Park and Gomes Park. The project also involves, grading, minor drainage improvements, installation of new fencing, gates, striping and signing within Union Pacific Railroad (UPRR) right-of way and Alameda County Flood Control levee adjacent to Mission Creek. The Engineer's Estimate is \$128,000. **Anticipated bid opening is February/March 2015.** For more information contact Project Manager: Rene Dalton, phone: 510-494-4535, fax: 510-494-4751, email: rdalton@fremont.gov.

Fremont Public Buildings Roof Restorations (PWC 8393) - The project consists of roof replacements on several public buildings. Engineer's Estimate is TBD. **Anticipated bid opening is February 2015.** More Info, Project Manager: Martha S. Martinez, phone: 510-979-5750, email: mamartinez@fremont.gov.

Senior Center Restroom Accessibility Upgrades- (PWC 8818) – The project consists of an addition of a new multiple-stall restroom and expansion and accessible upgrades of the existing restrooms. The new restroom, of approximately 217 sf will be for female with 6 water closets and 3 lavatories. The existing male and female restrooms will also be renovated, expanded and upgraded for accessibility. The Engineer's Estimate is \$270,000. **Anticipated bid opening is February/March 2015.** For more information contact Project Manager: Martha Martinez, phone: 510-979-5750, email: mamartinez@fremont.gov.

Central Park Turf and Poplar Renovation – (PWC 7859) – The project consists of replacement of turf and poplar trees. Work shall be done in four (4) phases of work: Phase 1 – Pre-Construction Maintenance, which shall include Tree removal and stump grinding, tree pruning, soil preparation and reclamation; Phase 2 – Pre-Construction Tree Recovery Maintenance, which shall include supplemental nutrition to the trees and thorough irrigation to flush sodium from soil; Phase 3 – Pre-Construction Tree Recovery Maintenance, which shall include radial trenching through poplar tree root zone, removal and replacement of soil with backfill mix and fertilization; and, Phase 4 – General Construction, which shall include all other demolition, rough grading, concrete paving, concrete mow bands, site furnishings, installation of a potable water meter to replace well water irrigation with potable water for existing and new trees, irrigation modifications, sod and other planting, soil amendment, plant establishment, and other such items or details that are required by Plans, Standard Specifications and these special provisions. General Construction shall consist of temporary construction fencing, storm water pollution prevention plans (SWPPP) project progress scheduling, and mobilization, and other such items or details that are required by Plans, Standard Specifications and these special provisions. The Engineer's Estimate is \$750,000. **Anticipated bid opening is February 2015.** For more information contact Project Manager: Mark Mennucci, phone: 510-494-4530, fax: 510-494-4721, email: mmennucci@fremont.gov.

Fire Alarm Upgrades (Group B) (PWC 8651) - The project consists of upgrading the fire alarm systems in five public buildings. Engineer's Estimate is TBD. **Anticipated bid opening is February/March 2015.** More Info, Project Manager: Martha S. Martinez, phone: 510-979-5750, email: mamartinez@fremont.gov.

Warm Springs Boulevard Improvements – Reliance Way to Mission Boulevard (PWC 8498) -- Work includes the completion of the unimproved portions of Warm Springs Boulevard to provide a bike lane and two through lanes in each direction with left turn lanes and raised landscaped medians at the intersections of Reliance Way, Warm Springs Court, Brown Road and Fulton Place. Five foot wide sidewalks will be provided on both sides and all existing driveways and curb ramps will be upgraded to the latest ADA standards. The project will also include the rehabilitation of the old roadway, including base repairs and overlay. Other items included in the project are street lights and necessary street drainage improvements, and other related work. Engineer's estimate is \$3.3 mil. **Anticipated bid opening is March 2015.** More Info, Project Manager: Jeanne Suyeishi, phone: 510-494-4728, fax: 510-494-4751 email: jsuyeishi@fremont.gov.

Crandall Creek Play Area Upgrades (PWC 8834) and Play Area Conversions (PWC 8835) – These two projects are to be bid together. The Crandall Creek Play Area Upgrades (PWC 8834) includes the replacement of existing playground structures and playground surfacing with new structures and rubberized playground surfacing at Crandall Creek Park. Work includes demolition of existing surfacing and playground equipment, installation of drainage systems, and installation of new playground equipment and playground surfacing. The Play Area Conversions (PWC 8835) includes the conversion of play area surfacing from sand to poured-in-place (PIP) rubberized surfacing at eight (8) separate park locations, including Crandall Creek Park. Work includes demolition of existing sand or other existing surfacing; demolition of concrete curbs, sidewalks, and other structures; installation of new or retrofitting of existing drainage systems; and installation of new rubberized surfacing, concrete curb, sidewalk, and miscellaneous site furniture. Engineer's estimate for both projects is TBD. **Anticipated bid opening is March 2015.** For more information, contact Project Manager: Tara Bhuthimethee, phone: 510-494-4738, fax: 510-494-4721, email: tbhuthimethee@fremont.gov.

Centerville Unified Site Full Scale SVE System Improvements (PWC 8812F) – Work includes installation of a full scale soil vapor extraction (SVE) system on the Centerville Unified Site which consists of soil vapor extraction wells and valve boxes connected to a manifold system, soil vapor recovery and treatment system, system enclosure and any other such items or details that are required by the plans, standard specifications and special provisions. Engineer's estimate is \$700,000. **Anticipated bid opening is March 2015.** More Info, Project Manager: Jeanne Suyeishi, phone: 510-494-4728, fax: 510-494-4751 email: jsuyeishi@fremont.gov.

Sidewalk Improvements on Frobisher Drive and Emilia Lane (PWC 8737 and PWC 8798) -- Work includes the installation of curb, gutter and sidewalk, curb ramps, street lighting, AC overlay, signing and striping and other related work on Frobisher Drive and installation of sidewalks, curb ramps, signing and striping, landscaping and other related work on Emilia Lane. Curb ramps will be upgraded to the latest ADA standards. Engineer's estimate is \$375,000. **Anticipated bid opening is April 2015.** More Info, Project Manager: Jeanne Suyeishi, phone: 510-494-4728, fax: 510-494-4751 email: jsuyeishi@fremont.gov.

Reconstruction of Curbs, Gutters, Sidewalks, and Driveways (PWC 8239) -- Work includes the reconstruction of damaged curbs, gutters, sidewalks, driveway approaches, and some private residential driveways, tree and stump removal, root pruning, crown thinning, furnishing and planting street trees, and other related work. Engineer's estimate is \$1,300,000. **Anticipated bid opening is August 2015.** More Info, Project Manager: Edward Nakayama, phone: 510-494-4775, fax: 510-494-4751 email: enakayama@fremont.gov.
