Sacramento Expert Firm Reaches Milestone in 1000th News Column!

Batting 1000!!! The Capitol Connection has served contractors with answers to questions in one thousand weekly question and answer columns this October 2016. What began as an idea with Capitol Services, Inc. founder David Kalb in 1995, to help real world contractor licensing issues educate the community, quickly became a hit as an independent resource for the entire industry.

Created as 'Capitol View' that name changed to 'The Capitol Connection' in the first three weeks and has been published widely across the West since then.

Current Capitol Services, Inc. President, owner and expert author Shauna Krause worked for many years alongside Kalb before taking over with his retirement in 2012.

Since its inception the Capitol Connection has brought real world solutions, clarity, understanding of rules, education, updates and warnings to contractors thru Builder's Exchange newsletters and websites, industry publications like S.C.C.A., Green Sheet, Dodge Construction News, Construction Link, Western Roofing, ENR features and other partners.

In publication weekly, the Capitol Connection Q/A also was featured in the book, "What Every Contractor Should Know!" By David Kalb. Weekly Q/A is available online as a 'living' resource with keyword search for past column solutions at www.cutredtape.com. Capitol Services, Inc. and their Capitol Connection continues to serve contractors with license assistance daily from their offices adjacent to the California capital building, and in more than 30 statewide publications and websites.

While knowledge is power, knowing where to go for the answers is half the battle. Contractors get expert assistance immediately when you call 866-443-0657, email info@cutredtape.com, or write us at Capitol Services, Inc., 1225 8th St. Ste. 500, Sacramento, CA 95814.
